Not included in the fee are: Accommodation, Travel expenses, local transportation, evening meals

Objective of the Conference

- ◆ This two-day hybrid conference aims to address the critical role of sustainable agriculture in promoting economic development, food security, resilience, and environmental sustainability in Nigeria and across Africa.
- ◆ The conference is particularly dedicated to exploring how European innovations in sustainable agriculture can be adapted and integrated into the African context, with a special focus on Nigeria.
- ◆ As Africa faces unique challenges such as climate variability, soil degradation, population growth, resource depletion and water scarcity, lessons from Europe's advanced sustainable agricultural practices offer valuable insights.
- ◆ The conference will provide a platform for dialogue, exchange of ideas, and collaborative planning among experts, practitioners, and stakeholders.
- ◆ Through a mix of keynote speeches, panel discussions, and interactive workshops, participants will delve into the latest sustainable agricultural technologies, policy
